## **New contract for full-service catering**

### **Siemens AG commissions Klüh with staff catering**

Düsseldorf, 23.05.2024 – Starting immediately, the catering division of the multi-service provider Klüh is taking over the catering provision for Siemens AG at two locations in Bad Neustadt a.d. Saale. Prior to this, Klüh Catering was able to hold its own against other contenders in a new public tender with a contemporary offer including an individual fresh food concept.

“We are delighted by the commission from Siemens AG and also see this as confirmation of our competence as a quality provider with a high standard of customer-specific food concepts, which we develop in discussions and on-site visits”, explains **Thorsten Greth**, Managing Director of Klüh Catering.

The services to be provided by Klüh Catering cover breakfast, lunch and snacks as well as catering for conferences and special events. The diners will enjoy a high-quality gastronomic experience with an extensive range of dishes, placing great emphasis on fresh products and attractive presentation. Soups, a salad bar and coffee specialities round off the culinary offerings.

Varying cuisine with regional classics and international specialities adds a breath of fresh air to the two company restaurants. In addition, the employees have the option of putting together their own meal from a variety of components and side dishes. From summer 2024, the range is meant to be supplemented by smart fridges that offer employees in the late, night and weekend shifts freshly prepared meals in reusable containers that can be heated in the microwave. Alongside hot meals, there are filled rolls, sweet pastries, cakes and a variety of other treats available in the snack service and in the smart fridges. With regard to purchasing, Klüh Catering focuses primarily on cooperation with suppliers from the region as part of its sustainability strategy.
